DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 20-22, 24-26, 28-31, 33-36 and 38 are rejected under 35 U.S.C. 102(b) as being anticipated by Kojori et al. (6,850,426).

Kojori et al. disclose a synchronous and bidirectional variable frequency power conversion systems in Fig. 1C. An input power conditioning unit adapted for connection to and input power source (3), a power control unit (2), first sensor (102), second sensor (120), load (903), bus capacitor (1) coupled to an input of the power inverter (3), obtaining an indication of input power (102), obtaining an indication of output power (120), controlling a power conversion unit (3).

3. Claims 20-26, 28-31, 33-36 and 38 are rejected under 35 U.S.C. 102(b) as being anticipated by Rozman et al. (5,438,502).

Rozman et al. disclose a VSCF system with voltage estimation in Figs. 2 and 3. An input power conditioning unit adapted for connection to and input power source (18), a power control unit (24), first sensor (40, 42), second sensor (26), an estimator circuit (45), load (22), bus capacitor (14) coupled to an input of the power inverter (18), obtaining an indication of input power (40, 42), obtaining an indication of output power (26), controlling a power conversion unit (24).

Allowable Subject Matter

4. Claim 10 is allowed over the cited prior art.
5. Claims 27, 32, 37 and 39 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments with respect to claims 20-26, 28-31, 33-36 and 38 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
